

FOR IMMEDIATE RELEASE

Raz-Lee Security Attains Numerous IBM Certifications including Ready for PureSystems

In addition, 4 iSecurity packages included in IBM Italy's "Smart Solution Edition Marketplace"

Nanuet, NY (January 9, 2013) – Raz-Lee Security, a leading provider of IBM i security, auditing and compliance solutions, announced today that its iSecurity suite has met the criteria required for attaining IBM certifications in the areas of [PureSystems](#), [Security Intelligence](#), [Tivoli](#) and [Power Systems](#).

Raz-Lee Security, a long-time member of PartnerWorld, has been an IBM Business Partner for numerous years; indeed, Raz-Lee partners with IBM in numerous countries worldwide, including the United States, Italy, Germany, Viet Nam, Japan, and Israel.

In the area of product marketing, IBM Italy has recently included four iSecurity-based product packages in the [Smart Solution Edition Marketplace](#). And, technical cooperation between the two companies has recently led to the release of Raz-Lee's [PTF Tracker product](#).

Eli Spitz, VP Business Development at Raz-Lee Security added: "Raz-Lee is proud of its recent achievements with IBM in various areas of certification. Raz-Lee will continue partnering with industry-leading companies such as IBM, HP, RSA, Imperva, GFI and others to provide its customers with solutions that have proven to integrate with other leading solutions."

Raz-Lee's iSecurity solutions are also listed in [IBM's Global Solutions Directory](#) and in IBM's [Business Partner Application Showcase](#).
